ANXIOUS TO SURRENDER

Eight Thousand Filipino Insurgents Reported Ready to Give In.

Aguinaldo Said to Be Inclined to Accept Overtures For Peace.

Manila, Feb. 27, 4:55 p. m.—Two commissioners who returned from Malolos under a flag of truce today report that 8000 rebels are anxious to surrender. They also express the belief that Aguinaldo is inclined to accept pacific overtures.

Maj. Gen. Otis did not receive the commissioners.

THEY PASS OUR LINES.

Spanish Commissioners Allowed to Confer With Aguinaldo.

Manila, Feb. 27, 6:15 p. m.—The Spanish commissioners, Senors Rosallo and Alagado, were permitted to pass our lines to confer with Aguinaldo with reference to the Spanish prisoners at Malolos. They returned through the lines this morning, near Caloocan, with sealed dispatches for the Spaniards. They said Aguinaldo and Sandiko are both at Malolos.

THE JUNTA PROCLAIMS AGAIN.

Another Violent Anti-American Decree Is Promulgated.

Hong Kong, Feb. 27.—The Filipino government has issued another violent anti-American decree, in which the following passages occur:

"The American guns respect neither honor nor property, but barbarously massacre women and children.

"Manila has witnessed the most horrible outrages, confiscating the properties and savings of the people at the point of the bayonet, and shooting defenseless, accompanied by odious acts of abomination, repugnant barbarism and racial hatred."

"The American people are only worthy to be slaves in the hands of the civilized world that you will fight to the death against American treachery and brute force. Even the women should fight to the death."

"American professions and promises are pure hypocrisy. They covet the spoils of this patrimony of our race, wishing to implant here a more irritating and barbarous domination than in the past."

QUIET IN MANILA.

The Only Disturbance Caused by the Enemy's Sharpshooters.

Manila, Feb. 27, 11:55 a. m.—Except for an occasional volley and some individual firing by the rebels from the jungle near Caloocan, along the river and in the vicinity of San Pedro Macati, all was quiet along the entire line last night. The enemy's sharpshooters, Caloocan continue to annoy the soldiers in the daytime, but the Americans no longer pay much attention to them, reserving their fire until the rebels appear in the open in sufficient force to justify a volley.

During the night the men are so accustomed to the enemy's snailshots that they are not disturbed by them. The enemy's snailshots are secured by the outposts and sentries. In Manila absolute quiet prevails, the streets are deserted and the only sounds to be heard after 7 o'clock in the evening are the tramp of the patrols and sentries and the occasional clatter of the hoofs of an officer's horse.

The insurance companies after a conference have decided to accept war risks at an additional premium of 55 per cent per month.

FROM DISEASE AND WOUNDS.

One Minnesota Man on the Manila Death List.

Washington, Feb. 27.—The following report was received from Gen. Otis today:

Manila, Feb. 27.—Following deaths since last report: Feb. 18, Private James S. Morris, M. First Tennessee, variola; Feb. 19, Chaplain John R. Thompson, First Washington, acute enterocolitis; Private William F. Stanley, P. First Montana, malarial fever; Feb. 20, Arthur Ramsey, P. First Colorado, spinal meningitis; Asahel L. Vanaman, I. Thirteenth Minnesota, variola; Henry R. Saunders, P. Fourteenth Infantry, dysentery; Feb. 21, Corp. Harry L. Stroud, L. First Washington, dysentery; Private James Gannon, D. First Idaho, variola; Feb. 22, Jacob Huth, K. Fourteenth Infantry, variola; Feb. 23, Andrew C. Cole, D. Fourteenth Infantry, spinal meningitis; Asahel L. Vanaman, I. Thirteenth Minnesota, variola; Feb. 24, Albert Haviland, F. First Colorado, variola, died of dysentery; Feb. 25, Corp. W. H. Day as judge of the Sixth judicial circuit.

The president today sent the following nominations to the senate: Postmasters: Michigan—William R.

COOK, Hastings; Martin J. Brady, Saginaw, West Side.

War: Infantry army—To be captain, Richard S. Tedman, Eleventh Infantry, to date from April 26, 1898. Also some minor promotions in the army.

LOSS TO GRAND ARMY.

Historic McCune Block at Wasceca Destroyed By Fire.

St. Paul, Feb. 27.—A special to the Dispatch from Wasceca, Minn., says: Fire destroyed the historic McCune block here early this morning. The following were burned out: Caston Jeweler; Kast Bros., barbers; Santo saloon; Hagen, millinery. Stocks and fixtures were mostly removed and saved. The Grand Army lost losses everything.

ROBBERS CAPTURED.

Glenwood Postoffice Burglars Are Run Down By Twenty-Five Men.

St. Paul, Feb. 27.—A special to the Dispatch from Alexandria, Minn., says: The two men who robbed the postoffice and treasurer's office at Glenwood were caught last evening one mile south of town in the woods by Deputy Sheriff Carroll and John Chase, of this place, and are in the jail now awaiting the arrival of the United States marshal. They were chased all day yesterday by 25 men from Glenwood. A satchel containing the money and tools was hidden by them some time in the afternoon and is being held. It was in their possession at noon, when they took dinner at Procter's yesterday. One man, Charles Olson, is from this county but the other, J. Nicolae, is a stranger.

GOVERNOR CHANGED.

Gen. Zurlinden Moved to Make Place for a Dreyfus Sympathizer.

London, Feb. 27.—A despatch from Paris to a newspaper here says its correspondent hears that President Loubet has already signed a decree removing Gen. Zurlinden from the post of military governor of Paris and appointing Gen. Fauri Huet, commander of the Sixteenth army corps, to succeed him. The latter has been a consistent upholder of the innocence of Dreyfus. There is no confirmation of this statement from other sources.

FAVOR OWNERSHIP.

House Committee Opposed to the Senate Nicaragua Canal Amendment.

Washington, Feb. 27.—Chairman Burton stated at the meeting of the river and harbor committee that the sentiment of the committee opposed the senate amendment by a board of seven engineers of routes, cost, etc., and for acquiring by the president of right-of-way and for an appropriation of \$1,000,000 for surveys, etc. The committee will not recommend any substitute for the senate Nicaragua canal amendment.

Attorney for Senator Quay Makes This Claim Regarding Conspiracy Case.

Philadelphia, Feb. 27.—Senator Quay on last night sent word to his attorney, Mr. Shapley, that he had declined to discuss the matter further, simply adding that he was extremely anxious to have the case disposed of and he hoped that it would have been taken up today and cleared up by a conclusion.

District Attorney Rothwell when seen after the trial refused to state the reason for his request for postponement. Mr. Shapley was considerably perturbed over the postponement. He said after leaving the court room that his clients and himself and associated counsel were fully prepared for the immediate trial of the case and confident of their ability to dissipate any evidence which might be presented by the prosecution. There could be but one result, and that would have been acquittal. Touching on the evidence adduced at the preliminary hearing, Mr. Shapley said the prosecution had been deceived by a number of credits to the account of Senator Quay, and indicated many transactions between Hopkins and Senator Quay.

Information had recently come into the possession of Mr. Shapley which, he declared, proved conclusively that these credits were wholly false. They would never be admitted as evidence by the court as their falsity would be clearly proved. Investigation, he continued, had shown that Hopkins for a long time had been defrauding Senator Quay and many entries in the memorandum book found in his effects had been made for the purpose of deceiving not only Senator Quay, but also the officials of the bank. Mr. Shapley said he entertained no doubt of the prompt acquittal of his clients when the case shall come to trial.

Mr. Shapley further stated that the few books of the Peoples Bank in existence are in such condition that it is impossible for any living person to tell anything about Senator Quay's account or of the accounts of any other person. The books in existence have been torn out and the remaining pages have been deliberately falsified and forged to such an extent that they would be held inadmissible by the court.

OLD STAGE DRIVER DEAD.

Zanesville, Ohio, Feb. 27.—Henry Rimple, stage driver for the Adams Express company for the central district, including Pittsburg, Cincinnati and Chicago, died of Bright's disease at his home here today, aged 71 years. Before the era of railroads he was a widely known stage driver on the National line.

RECEIVER ASKED FOR.

Louisville, Ky., Feb. 27.—Various stockholders, headed by J. W. Hedden, have filed suit for the appointment of a receiver for the Louisville Dispatch. Petitioners aver that the paper has been run for some time at a loss and that its long time and its present liabilities are \$40,000.

AT WEST DULUTH

Interesting Experiment In Charcoal Burning That May Help West Duluth.

A DEPOT BURNED

Various Matters of Interest to the Citizens of West-ern Duluth.

An experiment now being made in Ashland in connection with the production of charcoal will be of interest to these Duluthians who are firm believers in the possibilities of profitable pig iron production at this point. A dispatch from Ashland says that the Ashland Iron and Steel company, operating one of the largest charcoal furnaces in the country, is building works for the carbonization of wood under the patents of Dr. L. Zwilling, of Vienna, that are expected to make as great a saving in the cost of fuel for charcoal furnaces as the reduction in the cost of coke.

Today the coke iron maker has about reached the limit of his savings, and if the charcoal iron maker can follow in his footsteps and reduce the cost of his production the increase in the price of iron will be considerable. It is for these reasons that the present experiments are of importance and will be watched with the greatest interest by the iron trade of the United States.

Dr. Zwilling's method provides for the reduction of wood into fuel in forty-eight hours, in air tight kilns, holding four cords, by the use of deoxychlorinated gases, and with a loss of weight in the wood consumed.

The resulting charcoal is entirely different from any now in use, giving 88 per cent carbon, ringing with a metallic sound and saving all the acids and gases of the wood. The loss of more than 25 per cent of the wood, as in ordinary charcoal making, is avoided, and the work is done in half the number of kilns now required. Besides this there is a residue of tar, wood alcohol, acetic acid, etc., of the highest importance to the arts. This method is in use nowhere else in the United States, the Ashland Iron and Steel company being the first to experiment with it, and its decision is the result of a year's examination of the result in Europe, where the method has been tried to some extent.

It is confidently expected that this method will reduce the cost of charcoal fuel for smelting a ton of ore to some-what below that for making a ton of coke iron, which will give the charcoal industry of the country a tremendous boom, as for many purposes charcoal iron is worth considerably more than coke iron.

There are claimed to be in the immediate neighborhood of the great iron ranges of Michigan and Minnesota sufficient forests of hard wood to turn out annually 5,000,000 tons of charcoal pig iron for the next 100 years or more.

SMITHVILLE DEPOT BURNED.
Saturday evening, about 5:30, the depot of the St. Paul & Duluth road at Smithville was destroyed by fire. The depot had not been in use for four years, and there was nothing in it of any value. A chemical engine was sent out from West Duluth, but the fire had consumed the building before it arrived there. The value of the building was \$10,000.

WEST DULUTH BRIEFS.
The funeral services over the remains of James Scanlon, who died Friday night, were held this morning at the Catholic church. The funeral procession was a large one, the members of the A. O. H. and the "Longshoremen's union" turning out in a body.

Miss Theodore Lindstrom is ill. Miss Reichen is recovering from her recent illness.

Duluth sawmill men are declining to contract any more of their year's product of low grade lumber, as they have already sold, preferring to keep the remainder to "sweeten their stocks."

Mixed paints cut from \$1.40 to 35 cents per gallon at Nygren's.

The little daughter of Mr. and Mrs. C. A. Bronson is seriously ill with typhoid fever.

COAL MINERS TO STRIKE.
The Arkansas Employers Refuse All the Employers' Demands.

Little Rock, Ark., Feb. 27.—The Western Coal and Mining company issued an ultimatum to their employees at all their mines at Denning, Coal Hill and Jenny Lind, stating that none of their demands will be granted. The miners refuse to yield, and it is now settled that the 4000 or more men will quit work tomorrow, effectively closing down the entire district.

HOUSE WORKING HARD.
Army Appropriation Bill Is Passed For a Starter.

Washington, Feb. 27.—The house started in today on the closing week of the session, beginning work at 11 o'clock in anticipation of a crash of important business in the final hours. There was a liberal attendance for an early meeting, and much activity as members made efforts to bring forward various measures. Mr. Hull wished to go on with the unfinished army appropriation bill, although it was the day for the district of Columbia business.

The conference report on the bill for reforming the granting of rights-of-way across Indian reservations was agreed to.

The house passed the army appropriation bill.

The house adopted a special order setting apart tomorrow for the public building bills. Mr. Dockery opposed it, saying this session's appropriation bills, not counting the Nicaraguan canal bill, nor claims arising out of the Spanish war, would aggregate \$675,000, and for the congress \$1,600,000.

CRICKETS OVERTFLOW.
Edwardsville, Ill., Feb. 27.—The heavy rains have caused great loss of property in this region. All the creeks in Madison and adjoining counties have overflowed their banks and inundated many thousands of acres of fertile farming lands, enrolling the partial loss of crops. Railway road beds are greatly imperiled, and a large number of men are struggling to prevent breaks on the submerged of tracks.

Letter Box Proprietor Heckman Says Molineaux Was His Patron.

MOLINEAUX DENIES

The Handwriting Expert Also Gives Damaging Testimony Against Him.

New York, Feb. 27.—Nicholas Heckman, proprietor of the private letter box station, identified Roland B. Molineaux as the man who rented the letter box from him. To this box, it is alleged, letters addressed to "H. C. Barnett" were sent.

Molineaux called Heckman a liar.

New York, Feb. 27.—The inquest into the death of Mrs. Kate J. Adams was resumed today. Just before court convened a sensational rumor was circulated that an arrest would be made today. Col. Gardner had a witness in reserve, the rumor ran, who would be called early in the proceedings. Col. Gardner was to examine this witness himself, and if the witness repeated under oath a statement made in private to the district attorney, Col. Gardner would demand a warrant for the arrest of the man who had been named as a suspect in the case.

William J. Kinsley, the handwriting expert, who has been employed in the Adams case, testified, occasionally, how- ever, that he had no doubt that Molineaux wrote the address on the package sent to Cornish and had eventually caused the death of Mrs. Adams.

Senator Frye Says Senator Vest Told an Untruth.

Washington, Feb. 27.—In the senate this afternoon, Mr. Frye absolutely denied a statement by Mr. Vest that the president had telegraphed the Paris peace commissioners to take nothing less than the island of Luzon, as Porto Rico was wanted in the war.

WHY IS ELECTRIC LIGHT BEST?

Because it is Healthy, Clean, Pure and Brilliant.

HEALTHY! It has no odor. Prof. Thomson states one cubic foot of gas consumes as much oxygen as four adults.

CLEAN! It causes no discolorations of furnishings and no soot.

SAFE! As electric bell work, no danger of suffocation.

CHEAP! By using a little care in turning off lights when not in use it is cheaper than any other illumination.

EGG Famine Over.

Hens Resume Operations and the
Market Weakens.

The prevailing egg famine shows
signs of weakening in Duluth. One com-
mission house on Michigan street, the
Fitzsimmons-Derick company, received
fifty cases this morning, which were
sold fast at from 39 to 42 cents per
dozen. The market was reported
weaker. About noon the Chicago mar-
ket dropped 5 cents owing to a re-
sumption of operations by the hens of
the country at large.

"The cold weather is responsible for
the late scarcity of eggs," said Mr. Fitz-
simmons today. "No self-respecting
hen will lay eggs when her feet are
freezing. She can't scratch, so she
won't lay and that is all there is about
it. Warmer weather in the South and
northwest will soon bring the egg crop
up to a normal condition again. In fact
the market is weaker today than it has
been for two weeks."

DEFAULTED HIS BAIL

Michael Smith, an Eveleth
Justice of the Peace,
Arrested Yesterday.

WENT BACK TO JAIL

His Old Bondsman Respect-
fully Declines to Go on
a New Bond.

In a cell in the county jail is Michael
Smith, formerly justice of the peace at
Eveleth, and there he will remain until
the grand jury takes action upon his
case.

Michael Smith, before he plunged into
politics and won out as justice of the
peace, was one of the foremen at the
Adams mine at Eveleth. He was a
good miner, but his public career, it
appears, has been attended by difficul-
ties. He collected fines and forfeitures
in his capacity as justice, and he
charged with misappropriating between
\$200 and \$300 of the money so received.
He was arrested upon this charge, tried
and bound over to the grand jury.

Smith is a genial fellow, and had un-
successfully in obtaining paroles for a
bond of \$300, but he suddenly left Eveleth
and went over into Wisconsin,
fetching up at the village of Nelson.

C. H. Webster, of Eveleth, was one of
Smith's bondsmen and, learning of his
whereabouts, he notified Sheriff Sar-
gent, who sent Deputy Frank Magle to
fetch back the fugitive. Smith made
no objection to coming with the deputy,
and the pair arrived this morning at the
jail.

Smith was arraigned before Judge
Cant. The county attorney informed
the court that the prisoner had been
surrendered by his bondsmen. The
judge then made an order committing
Smith to the county jail in default of
\$300 bail, which Smith was not able to
procure. He did suggest that perhaps
Mr. Webster would go on the new bond
for him. When that gentleman heard
the proposition, he looked weary, and
asked the bystanders if they saw any-
thing about him to indicate that he
was rich.

Smith justifies his flight by saying
that the village marshal of Eveleth
knew that he was going away and
where he was going to, and seems to
think if his friend the marshal was
satisfied nobody else had any claim com-
ing.

CHEERFUL SURROUNDINGS.

Supt. Denfeld Admires Their Use In
Aurora Schools.

Superintendent R. E. Denfeld has re-
turned from the meeting of the depart-
ment of superintendents of the National
Educational association recently held
at Columbus, Ohio. Mr. Denfeld said
that an excellent program was fully
discussed and a good many knotty
problems elucidated. While away Mr.
Denfeld visited the public schools of
Chicago and Aurora, Ill., as well as
those of Columbus. It was at Aurora
that he was most impressed. The
women's club of that city resolved that
the art training of a child should com-
mence at the earliest stages of its edu-
cation and that this training could best
be accomplished by placing object les-
sons in correct art daily before the eyes
of the scholars. To this end the club
decorated the interior of the school
rooms in hand, exercising a care-
ful personal supervision over the work.
To begin with the utmost care is taken
in decorating the interior walls and
ceilings of the rooms. Not only are the
interior employed calculated to give the
best results as to light, but they are
also chosen with a view to the influence
they may exert upon the minds of the
scholars. So to healthy child life, a
dinky room, these women contend,
either to play in or to study in, so
the walls are tinted with graduated
tints in proper artistic shades, becoming
lighter as they mount up the walls un-
til they fade away and harmonize with
the brightly finished ceiling.

In the rooms, all of which are ar-
ranged differently, are placed a care-
ful selection of specimens of the sculptor's art,
most of these being reproductions of
famous pieces of ancient and modern
statuary. There are also carefully
chosen copies of the best and most cele-
brated pictures.

Mr. Denfeld much admires this plan
and said today that there was no doubt
that the beautifying of many a home
will be the result of this judicious
method of interesting the young in true
art work.

Non-Resident's Property Seized.

In the office of the clerk of the dis-
trict court today a writ of attachment
in two cases of Watson vs. Schick was
retained by the sheriff showing the
seizure of fifteen lots in the city of Du-
luth and the garnishment of wages and
debts amounting to \$1285.57, belonging
to the defendant, who is a non-resident.
The amount said for is \$299.75.

In Probate Court.

In probate court this morning the
claim of Caroline E. Quinby for \$552.50
against the estate of John Smith, for-
merly of New Duluth, was allowed. The
deceased endorsed a note, and his estate
is now paying it. Anton Bergen, guar-
antor of St. Larson, was ordered to make
a final accounting on March 27. A peti-
tion for hearing claims against the
estate of Jennie P. Patridge was re-
ceived and filed. Miranda P. Hallock
was appointed administrator of the
estate of Dr. Witt C. Hallock and a
hearing of claims against the estate
was ordered for Sept. 11.

HIS LAST MEETINGS.

Evangelist Schiverea Is Clos-

ing Up a Most Effective

Month's Work.

Yesterday was Evangelist Schiverea's

last Sunday in Duluth, and he was met

by crowded houses at the Armory, both

afternoon and evening. The evangelist,

having planned to rest a bit, stepped

quietly into the back of the M. E.

church for the morning service, but Dr.

Long caught sight of him at once, and

the result was that the audience there

was agreeably surprised with an excel-

lent sermon from an unexpected

source.

In the afternoon the text was from

the words, "What think ye of Christ?"

"The evening text was from First

King's xviii, 21: "How long halt ye

between two opinions, if the Lord be

with you, follow him; but if he be not,

follow him." The evangelist, in a telling

and convincing manner, put forth his

opinions and the courage needed to put

them in force. He said: "It is not a

question of opinion with men, but of

thorough conviction and courage."

"Men almost without exception be-

lieve they have souls; they also believe

in Jesus Christ and in his saving grace.

They know the right but they do not

do it. Why not? With the

words, "If the Lord be with you, fol-

low him," one of the reasons why they

do not do it is that they are not

faithful men of God. A majority on the

side of wrong; the minority on the side

of right.

"Today many men are held back by a

similarity of course, popularity and

expediency," said the evangelist. "Stay with

me; you can't afford to go with the

majority, your business will suffer. The

young man says: 'I can't afford to be

popular and go to ruin, but I can't

afford to do the right and lose popu-

larity.' The young lady says: 'I can't

afford to step over the line from the

gay, glib, multitude to stand alone

with God."

"Again, as with the Jews, the false

gods had to be given up for the true.

The gods of money, of business, of

drink, of pleasures, these are dear to

many hearts and it hurts to give them

up."

"The drinking man says: 'You have

too much excitement in your meetings.

I'll tell you when they get over their

enthusiasm, when your rum throws you

into the street, you will regret it. Friends,

we would have you suffer. How long

will you be drinking? How long will

LOTS OF BUSINESS

Many Matters to Come Before
the City Council For
Consideration.

TELEPHONES AGAIN

Ordinance to Give R. H. Evans
a Franchise to Be
Taken Up.

Among the matters that will probably
come before the council this evening is

Alderman Nelson's ordinance awarding

the telephone franchise to R. H. Evans.

This ordinance was introduced, 12. It

provides that the rates shall be not over

\$20 for residence phones and \$35 for

business telephones the first year, and

\$30 thereafter; that the company shall

pay one half of 1 per cent of the gross

earnings semi-annually, and that free

connection with Superior shall be given.

The term of the franchise is fixed at

twenty-five years, and the city is given

the right to purchase the plant at any

time after five years, at a cost not to

exceed the cost of duplicating it, with

10 per cent added.

The Resche matter will come up, un-

doubtedly, it having come to be a part

of the regular order of business. The

police and license committee has not

made much progress in the way of get-

ting evidence as the witnesses have

with one or two exceptions, refused to

testify. It is thought that the commit-

tee will report on the matter this eve-

ning. Possibly it may report that the

matter is a special order of business. There

is some opposition to it on the score of

the fact that the ordinance requires the

Duluth and Superior short line road

to take up its track on the east side of

Garfield avenue, from Oak to Pine

avenues, and to be reported this eve-

ning. The committee has received a

communication from the Omaha rail-

road people asking to be heard on the

matter, and it was thought the report

would be delayed on this account. It

was understood that the railroad peo-

ple were to meet the committee this

afternoon.

Alderman Duren's wood-peddling or-

dinance has been construed as

barring out farmers from bring-

ing in their produce and selling it on

the street, and the committee will,

if it reports on the matter this evening,

probably report an amendment elimi-

nating that feature.

The city attorney will advise that

the assessment against the property of

the Western Land association for the

improvement of Pine and Arthur ave-

nuces has been received on payment of

50 per cent thereof and interest from

date of confirmation. The association

has been asked to pay the balance of

the bill. The city attorney will submit a

bill making the records of the city engi-

neer's office prima facie evidence in

court.

TYPHOID INCREASING.

There Are Now 61 Cases in the Seventh Army Corps.

Havana, Feb. 28.—The Seventh army corps, in which only one case of typhoid developed last month, now has sixty-one cases—twenty-four in the First division, of which twelve are in the Second South Carolina regiment, and thirty-seven in the Second division, nearly half of whom are in the Forty-ninth Iowa regiment. There have been five deaths this month, one typhoid in the Seventh army corps.

In the First division there are thirty-one cases of typhoid, the most serious of an epidemic. Disinfecting processes are rigorously observed; underground sewers are being built, and the main sewerage system is being completed some time during March.

All the sick of the Two Hundred and Second South Carolina regiment, in number, have been sent to the hospital ship Missouri, now in Havana harbor. These include the seven or eight so-called yellow fever cases now convalescing.

Rome, Feb. 28.—The pope was taken suddenly ill this morning and his audiences have been suspended.

SENATOR BURKE'S CASE.

Will Go to Highest Court With Eminent Legal Talent.

Youngstown, Ohio, Feb. 28.—State Senator Vernon H. Burke, of Cleveland, has engaged Lieutenant Governor Jones to assist in the prosecution of his appeal against disbarment. Senator Burke says the case will be carried to the highest courts.

NEW VETERANS' SOCIETY.

Spanish-American War Veterans' Association to Be Organized.

Atlanta, Ga., Feb. 28.—A new association, to be known as the Spanish-American War Veterans' association, is about to be formed and will have been organized by a convention to be held in Washington Sept. 1 and 2. The proposed association will have for its objects the wiping out of sectionalism, the promotion of closer fraternal relations, the fostering of more useful patriotism and the corporate effort to secure the enactment of legislation, in state and nation, in the interest of soldiers, the army and navy generally.

FIRE ON A CRUISER

Rebels at Malabon Fire From the Jungle on the Callao.

THE RAINY SEASON

Sickness Is Expected to Largely Increase When It Begins.

Manilla, Feb. 28, 10:10 a. m.—The rebels at Malabon fired upon the cruiser Callao from the jungle yesterday while Admiral Dewey was visiting the Monadnock. Three shells were dropped by the monitor into the Malabon church, demolishing the structure and killing a number of rebels who were inside.

A factory at Malabon is reported to be running day and night to supply ammunition for the insurgents. The ignorance of the natives is shown by the fact that they have collected empty Springfield shells and are refilling them. Over 2000 of these cartridges have been discovered in houses in Pandacan by an officer of the Washington volunteers.

The cruiser Charleston and the gunboat Concord have gone on a ten days' cruise, presumably looking for insurgents. It is believed that arms are being landed in small quantities at northern points.

Everything was absolutely quiet last night, both inside and outside the city. The monitors were ordered to leave the McKinley to study the conditions in the islands are expected to arrive here on Saturday.

TWO SERIOUSLY WOUNDED.

Captain in the Twentieth Kansas is Badly Hurt.

Manilla, Feb. 28, 3:35 p. m.—There has been the usual outbreak of firing among various parts of the lines; but the casualties today are Capt. David S. Elliott of Company G, Twentieth Kansas volunteers, and a private of the same regiment. They are both seriously wounded. They were struck by the rebels' fire while they were in the trenches near Calocan.

A battalion of twenty-third United States infantry relieved the battalion of California volunteers at San Pedro Macati. The latter will be ordered to embark on the transport St. Paul tomorrow.

EVERYTHING QUIET.

Gen. Otis Sends Troops to Cebu and Negros.

Washington, Feb. 28.—The following cablegram was today received at the war department:

Manilla, Feb. 28.—Adjutant General, Washington: Battalion Twenty-third United States infantry salutes Negros tomorrow. Everything quiet here past three days.

DEWEY'S LATEST REQUEST.

Stumps the Department Almost as Badly as the Other.

New York, Feb. 28.—A dispatch from Washington says: The navy department has received the following cablegram from Admiral Dewey:

Secretary of the Navy, Washington: Require three thousand steel coaling baskets. As this was the only dispatch that had been received from Admiral Dewey since that of Friday last, which caused such excitement, officials found a good deal of comfort in the negative fact it exhibited that evidently nothing very serious in the naval line had occurred at Manilla since the immediate presence of the Oregon had been requested for "political reasons," but at the same time everyone was crushed to death by the news of the admiral's sudden request for such a large number of articles that have never been used by the navy at any time.

There was much speculation as to why Admiral Dewey could not purchase all the coaling baskets he wanted. It was thought that he was unable to question whether he would be able to use more than 1000 baskets if he had them.

However, the confidence of the navy department in the admiral is such as to carry conviction to the verge of a political crisis which may involve bloodshed. Owing to the treatment of the colony by the imperial government, particularly in the matter of marketing products, Java, in common with the other British islands in the West Indies, is virtually bankrupt.

CRUSHED TO DEATH.

An Extensive Mine Cave-in at Mill Creek, Pa.

Wilkes-Barre, Pa., Feb. 28.—An extensive cave-in occurred in the Delaware and Hudson mine at Mill Creek today, killing one man and severely injuring two others. It is feared several other men were crushed to death by the falling rock. A rescuing party found Thomas Coffey crushed to death, and Michael Yarnowski, who had been caught under the same fall and badly crushed. They are still alive.

SEVERAL BILLS PASSED.

The National Senate Does a Big Day's Work.

Washington, Feb. 28.—When the senate convened today at 11 o'clock, Mr. Frye, chairman of the committee on commerce, reported the shipping subsidy bill "with a good many restrictive amendments." At his request it took the place on the calendar of the bill of the same title previously reported.

Mr. Morgan secured the adoption of a resolution continuing the project committee on the Nicaragua canal and authorizing it to hold sessions during the recess of congress. A partial conference was held upon its amendments. Mr. Morgan reported on the postoffice appropriation bill was agreed to. The matter referred in disagreement is the subject of special appropriations for fast mail service for the South and between Kansas City and Newton, Kan. The senate further indicated upon its amendments, and another conference was ordered.

The following bills were passed: Establishing a branch home of the National Home for Disabled Volunteer Soldiers at Castle Pinckney, in Charleston Harbor, S. C. for the use of the disabled officers and enlisted men of the volunteer army and navy of the United States; regulating the carrying of letters written by the blind, in point or raised characters, making them third-class matter; for the creation of a public building at Tampa, Fla., to cost not exceeding \$300,000; entitling Dr. William A. Hammond, late surgeon general of the army, to the pay of a brigadier general on the retired list; and the relief of the International doctors and nurses of the relief. The relief will be placed at the disposal of Gen. Otis either as a hospital or for use in transferring the sick and convalescing to the general hospital or for use in transferring the sick and convalescing to the general hospital or for use in transferring the sick and convalescing to the general hospital.

TO CARE FOR THE SICK.

Large Increase of Sickness Is Expected at Manilla.

Washington, Feb. 28.—With the approach of the rainy season in the Philippines, now possibly not a month off, a material increase in the sickness among our troops may be looked for. The war department authorities apprehend no alarming developments in the condition of our men as the result of the incoming of the rainy season, but they have prepared to meet any possible contingencies. The city of Manilla, itself, and the troops remaining there with reasonable care may be expected to get along fairly well. Outside of the city conditions are not encouraging and are favorable to material and similar developments.

In a general way there is likely to be a considerable number of cases of ailments originating from climate causes and an unusual number of doctors and medicines have been recommended at Manilla. It is believed to be sufficient for ordinary purposes and to meet any demands of the future reinforcements are being hurried there. The hospital ship Relief will sail from New York direct for Manilla via the Suez route in a day or two and will pick up the sick and wounded and about ten doctors. This is in addition to the relief of the International doctors and nurses of the relief. The relief will be placed at the disposal of Gen. Otis either as a hospital or for use in transferring the sick and convalescing to the general hospital or for use in transferring the sick and convalescing to the general hospital.

NEBRASKA CAUCUS. Lincoln, Neb., Feb. 28.—There were no changes in the vote for senator today. It has been definitely decided to hold the Republican caucus tomorrow night, though Thompson, one of the leading candidates, is not entirely satisfied and may refuse to go into the caucus.

MOLINEAUX IN JAIL

Counsel Will Not Take Any Immediate Action In His Behalf.

New York, Feb. 28.—It was announced at the district attorney's office today that Edward M. Rogers, husband of Mrs. Rogers, daughter of Mrs. Adams, would call upon District Attorney Gardner during today and make a statement. He will do this, it is said, at his own solicitation. Mr. Rogers is a traveling salesman with headquarters at Buffalo.

Mr. Weeks, counsel to Molineaux, said he would take no immediate legal action in his client's behalf, hence the Stevens corpus proceedings will not be resorted to.

It was said at the district attorney's office today that the present grand jury would not be called upon to consider the case of Molineaux. The grand jury, however, will be sworn in on Monday. It is understood that the entire staff of the district attorney's office is now at work on the Barker poisoning case.

ORLEANIST PLOT.

The Authorities Think They Have Foiled a Dangerous Conspiracy.

Paris, Feb. 28.—The Ruppel and other papers state that the plotters of the royalists, which were recently seized, show clearly the existence of an Orleanist plot, which had been aided by subscriptions by certain foreign sovereigns. The plot was to be carried out by a general who was expected, would soon become minister of war.

The Orleanists intended to act as soon as the general took office, but M. Drouhot's action spoiled the plan. The figures do not believe that the existence of a plot can be proved, but the authorities are convinced that they have foiled a dangerous conspiracy.

PINGREE A WINNER.

Atkinson Taxation Bill Passes the Michigan House Easily.

Lansing, Mich., Feb. 28.—The Pingree-Atkinson railway taxation bill has passed the house by a vote of 72 to 25. The bill was developed by Mr. Pingree, who is the author of the measure.

The bill provides for assessment of railway property by a state board of assessors, which will be composed of the governor, the attorney general, and the treasurer. The bill also provides for the assessment of the property of the corporations interested in the railway, and for the assessment of the property of the state, county and municipal corporations throughout the state. Owing to the treatment of the colony by the imperial government, particularly in the matter of marketing products, Jamaica, in common with the other British islands in the West Indies, is virtually bankrupt.

HAS LOST NO GROUND.

There is Evidently a Hope For Mr. Kipling Now.

New York, Feb. 28.—The following bulletin was issued by the physicians attending Mr. Kipling at the Grenville, at 8:30 a. m.:

Mr. Kipling has not lost any ground. S. E. G. JANEWAY, M. D.

THOMAS DUNHAM, M. D.

Mrs. Kipling sent the following note down stairs:

"Mrs. Kipling wishes to acknowledge with grateful thanks the many letters and telegrams of sympathy sent her, and to express her appreciation of the interest and anxiety shown by her friends for her recovery."

Shortly before 11 a. m. Dr. Dunham again visited Mr. Kipling and reported that he was improving and that the crisis is passed. Mr. Kipling is now in a favorable condition and is expected to get up in a few days.

SHOOTING JUSTIFIABLE.

Pugilist Tom Allen Acquitted of Charge of Murder.

St. Louis, Feb. 28.—Tom Allen, at one time heavyweight champion pugilist of the world, who shot and killed John Conery in the former's saloon last week, was acquitted by the coroner's jury today. Allen's plea was self defense and the jury found the shooting justifiable.

GLASS WORKERS STRIKE.

Eight Hundred Men Quit Because Four Were Discharged.

Alexandria, Ind., Feb. 28.—Because four furnacemen were dropped and their work put on the rest of the force, 800 men struck today at the glass works. President Cann of the union is expected here tonight from Pittsburgh to confer with the strikers and try to adjust the differences.

DULUTH'S OPPORTUNITIES.
 In a recent letter to the Philadelphia
 Press, his New York correspondent
 makes the statement that money is now
 so plentiful throughout the West that
 Eastern capitalists can no longer find
 a market for their money in that section
 of the country. He says these capital-
 ists are trying to persuade themselves
 that the immense wheat crops are re-
 sponsible for these conditions, which they
 think temporary and will pass
 away as soon as another short yield
 occurs. But he does not lack any stock
 in that theory, and believes the present
 prosperous conditions permanent. Re-
 ferring to this statement, the Omaha
 Bee says:

"Without entering into an extensive
 argument of the matter, it may be said
 with confidence that the day of scarce
 money and its corollary, high interest,
 has forever passed from the West. The
 conditions that have produced prosper-
 ity are substantial, and in so far as
 human foresight can see there is nothing
 to indicate they will not continue in-
 definitely. So long as this is the case
 the Eastern capitalist who once reaped
 a golden harvest in the West by loaning
 money at high rates of interest must
 reconcile himself to the fact that his
 occupation in that line is gone. But while
 this is the case, there has never been a
 better chance to realize a good interest
 on money than exists today in the sec-
 tion of the country west of the Missis-
 sippi. It cannot be done by loaning
 money, but it can be done by establish-
 ing manufacturing and other industries.
 There is scarcely a town in this vast
 area of country that does not present
 one to a hundred opportunities for
 the establishment of some enterprise
 that can be made to pay handsome divi-
 dends on the money invested.

"This is not the case in the East.
 There every field of industry is so
 crowded and competition so sharp that
 the manufacturer who is successful in
 realizing even the low legal rate of in-
 terest on his investment is fortunate.
 This has led to subsidizing money from
 these enterprises, and heretofore it has
 found its way to the West for invest-
 ment in farm mortgages. Now that this
 section of the country has passed the
 stage of necessity, the thing for the
 Eastern capitalist to do is to invest his
 money in Western manufacturing and
 industrial enterprises. He has here
 the same opportunities the East pre-
 sented in former days, and if he will
 pursue here the same course that he did
 there the same results will follow."

No other place in the entire Union pre-
 sents the opportunities for the profitable
 employment of capital in new industries
 that are offered by Duluth. The city's
 geographical position at the head of
 the great lake waterway and at the en-
 trance to the Northwest is an advantage
 that must instantly attract attention.
 The city's close proximity to iron
 mines and to the pine forests and the
 hardwoods that can be utilized in man-
 ufacturing is another great advantage.
 What is of supreme importance, in ad-
 dition to the ability to get cheap raw
 material, is the splendid market for
 manufactured goods that exists in the
 country west, southwest and northwest
 of the city. This country is advancing
 with giant strides and is growing
 stronger daily. During the past year
 there has been wonderful development
 in the territory pierced by the Foston
 branch of the Great Northern agents,
 and the present year will witness still
 greater growth in the territory tributary
 to Duluth. People are settling the
 vacant lands, villages are springing up
 on every hand and new markets for
 manufacturers are being presented. Thus
 there are opportunities here for the in-
 vestment of capital in industrial enter-
 prises that will be profitable ventures.
 When Eastern capitalists become con-
 vinced of these facts, there can be no
 doubt as to what they will do, and an
 effort should be made to bring these
 facts before them attractively and con-
 vincingly.

Rev. Dr. W. S. Rainford, pastor of
 one of the wealthy churches in New
 York, speaking before the "Consumers'
 league" a day or two ago, commended it
 as "having at its heart the same socialis-
 tic tendency as all labor organizations."
 He strongly condemned the existing in-

The Aged Grandmother of Jesse James Appears in His Behalf.

Kansas City, Feb. 28.—A feature of the trial of young Jesse James, charged with train robbery, was the appearance as a witness in his behalf of Mrs. Zerelda Samuels, 74 years old, mother of the James, and the grandmother of the defendant. When the aged woman rose from her seat on the stump of the witness stand, she was greeted by a shower of her house with a bomb in an attempt to drive out and arrest her notorious sons.

Mrs. Samuels testified that she was at the James house on the night of the robbery, and that she saw her son, Jesse, and her grandson, Alvin, enter the house with her when they heard the explosion of the dynamite that wrecked the passenger train. Jesse James' mother, his sister and the defendant himself gave testimony to the same effect.

CASUALTIES TO DATE.

A Total of 83 Americans Killed and 347 Wounded.

Manila, Feb. 28.—Two Spanish commis-
 sioners, Seniors Rosalia and Abad, who
 were permitted to pass through our lines
 and confer with Aguinaldo with refer-
 ence to the Spanish prisoners at Malolos,
 returned to Manila yesterday morning
 near Calocan with sealed dis-
 patches for the Spaniards. They com-
 mander said that Aguinaldo and San-
 tialdo, both at Malolos and inclined to
 peace overtures. While the Filipinos are
 not yet prepared to surrender the Span-
 ish prisoners, they will gladly release the
 Americans who have been held for six
 weeks. The Spaniards are to receive the
 food and clothing furnished to them.

Shortly afterwards, the rebels sent
 out a flag of truce borne by Command-
 ant Singson, offering to surrender the
 hundred of the enemy left the Filipino
 army. The Spaniards, however, were
 not prepared to accept the offer. The
 "Americanos" were to be released, but
 the Spaniards said that they would not
 release the Americans until the Spaniards
 had been released. The Spaniards said
 that they would not release the Americans
 until the Spaniards had been released.

The St. Paul Dispatch quotes the fol-
 lowing as being wise words:
 "Beware of entrance to a quarrel, but,
 being in it, bear it that the opposed may
 beware of thee."

That advice is good, but the first half
 is just as good as the last. If it had been
 observed by the administration in regard
 to the Philippines, there would be no
 need of an observance of the latter half
 now.

Count D'Almeida, the bloody-minded
 Spanish legislator who, a few months ago,
 wanted the defeated generals strangled
 with their own sashes, has for a week
 past clamored to have them shot. Gen.
 Linares, having grown weary of hearing
 Count D'Almeida, offered the latter a
 chance to have a shot at him in the field
 of honor. Count D'Almeida declined. He
 does not want to fight himself—except
 with his mouth.

In a case testing the city of Chicago's
 liability for damages caused by the Wash-
 ington riot of 1894, the state supreme court
 has ruled against the city. This clears
 the way for successful damage suits involv-
 ing something like \$3,000,000 or more,
 which would cripple the city financially
 for many years. But would not the city
 have any chance to get back the damages
 from the railroads that brought about the
 riots?

It is now asserted that Secretary Alger
 will never resign under fire. That is all
 right—but what is President McKinley
 going to do about it? Is he going to re-
 main in the cabinet and keep his
 administration on the defensive? The
 ultimatum attaching to Alger must be borne
 by the administration if he remains a
 part of it.

FATALITY AT A FIRE.
 Mary E. Prouty Killed By Jumping From a Window.
 New York, Feb. 28.—During a fire in an
 apartment house on Columbus avenue

 was instantly killed by jumping to the
 ground from her apartments on the fifth
 floor. Richard Hyde, a fireman, was
 slightly injured by falling three stories

 from Francis H. Rowland, of this city,

WHEELER'S PLAN.

Believes That Natives Should Be Put in the Regular Army.

Washington, Feb. 28.—Major Gen.
 Wheeler has offered the war depart-
 ment a suggestion looking to the utiliza-
 tion of the troops to be added to the
 army under the terms of the pending
 reorganization bill in the regular estab-
 lishment. Instead of all the volunteer
 branch. The compromise measure per-
 mits the president to recruit such por-
 tion of the 45,000 volunteers to be added
 to the regular army in time of emer-
 gency from the natives of the islands
 of Cuba, Porto Rico and the Philippines,
 as he may elect. Gen. Wheeler argues
 that these men can be brought to a
 much higher state of efficiency, and be
 made of greater value to the military
 establishment if incorporated in the
 regular army than if in the volunteer
 branch.

The status of Gen. Wheeler himself
 is said to be such that he must make
 some action towards choosing again be-
 tween the army and congress within a
 few days. It is believed at the war de-
 partment that if he retains his army
 commission until the afternoon of
 March 4, next Saturday, he will forfeit
 his seat in the house of representatives
 for the ensuing two years, under the
 ruling of the judiciary committee, to the
 effect that by holding such a commis-
 sion an officer surrenders his seat in
 congress.

CUT IN OCEAN RATES.

Believed That a War is on Between the Liners.

New York, Feb. 28.—The first and sec-
 ond class passenger rates of the White
 Star line have been lowered and the
 schedule of rates is to go into effect at
 once. The reduction is to remain in ef-
 fect until April 1, when the summer rates
 will take effect. Officials received a cable from the home
 office of the company on Friday morn-
 ing that until April there would be
 a 10 per cent reduction in the rates and
 a reduction of 5 per cent in the second
 class. According to the officials on this side
 of the water, no reason was given for the
 cut.

Trans-Atlantic passenger rates are fixed
 by a combination of the lines known as
 the "big four." The White Star line, the
 Cunard line, the P&O line and the
 Messageries Maritimes. The White Star
 line has been the most aggressive in the
 matter of cutting rates. It has been the
 cause of much of the competition between
 the lines. The White Star line has been

SHIPYARDS TRUST.

It Will End Vessel Building Competition on the Great Lakes.

Cleveland, Feb. 28.—It is learned that
 a meeting of the representatives of the
 shipyards on the great lakes was held
 in this city yesterday to discuss the
 proposed consolidation of the shipyard
 interests. It is stated that the deal will
 undoubtedly be consummated, and that
 within sixty days the new organization
 will be in working order. Practically
 all the yards on the lakes will be in the
 combine. It is proposed to purchase
 outright the Wheeler yard at Bay City,
 Mich. The consolidation will involve
 millions of dollars invested in shipyard
 plants and put an end to competition in
 vessel building on the lakes.
